SPECIAL ISSUE (MAY)

## Adopting a New 'Normal' Post Circuit Breaker

As we gradually ease out of the Circuit Breaker, Singaporeans will have to adopt a new normalcy in their life. With more activities and interactions within the community, it is likely that there will be a rise in new community cases of Covid-19. Thus, it is critical for SNM (Singapore) to continue our vigilance and ring-fence our residents, clients and beneficiaries for their well-being. SNM will continue to follow the relevant government advisories to ensure this.

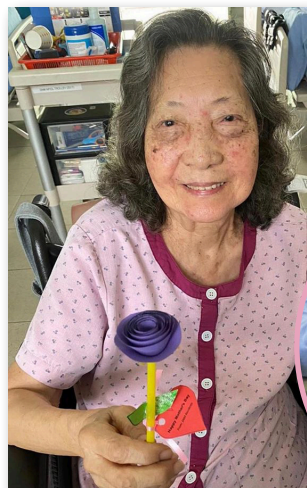

## Swab Testing for SNM (Singapore) Staff and Residents

A mass swab testing for Covid-19 was carried out for all care staff and residents at SNM Nursing Home and Meranti Home. This is in line with the mandatory coronavirus testing for all nursing and welfare homes. Mr Tan Kwang Cheak, AIC's Chief Executive Officer visited the Nursing Home during the mass exercise. The results for both Nursing Home and Meranti Home were negative and we are grateful to the Ministry of Health, Ministry of Social and Family Development and Agency for Integrated Care's support during this challenging time.

## Mother's Day at SNM

Our residents showed their talent and creativity, by making paper flowers and cards to distribute on Mother's Day. The beautiful hand-made flowers and cards were given out to residents and staff who are also mothers. The staff and residents who received the gifts were very touched by the gesture, especially with the current precautionary measures meaning they were unable to celebrate this occasion with their families.

# Making a Difference through Community Outreach

As part of its community outreach during COVID-19, SNM collaborated with Migrant Workers' Centre (MWC), to provide 4,000 packs of Klassno instant coffee for migrant workers of Home Stay Lodge. SNM President, Mr Jayadev Unnithan, former SNM President, Mr Shanavas Vijayan, SNM CEO, Mr S.Devendran and Head of Community Engagement, Mr J. Vijendran delivered the packets to the Home Stay Lodge on May 3, 2020.

*“We would like to thank Sree Narayana Mission (Singapore). During these challenging times, migrant workers are in need of help, most importantly for their essential items such as 3 in 1 coffee mix, which was provided by SNM. On behalf of all the migrant workers, we would like to thank you for understanding our situation and donating this.”*

**- Mr Muniappa Raj,**  
Operations Executive, Home Stay Lodge

SNM is happy to be able to support this as part of **#SGUnited** for the community.

## Engaging seniors to keep fit during CB

Although our programmes have been temporarily placed on hold, our Share-a-pot seniors continued to stay at home with the help of virtual platforms. They had lots of fun moving along to the music and staying tuned to the trainer's swift moves!
